

PowerIsolator Reference wins EH 2007 Product of the Year

(See what happens when we try to keep things quiet?)

TRANSPARENT POWERISOLATOR REFERENCE

- Delivers silent, efficient and unrelenting protection to your system
- Fail-safe surge and spike protection that never wears out
- Shuts the door on noise from power grid and household interference
- Reveals low-level detail and space, gives your system a profound sense of ease
- Doesn't alter the character of music, as most power conditioners do
